

The Great Debate

You will be depicting the GREATEST revival of all time! No, we are not talking about Donald and Hilary; we are talking EUKARYOTES versus PROKARYOTES! You may work in groups or as an individual to write a description of each candidate (eukaryote and prokaryote), write a dialogue between your candidates arguing over who is the BEST type of cell out there, and design a campaign poster for each candidate.

P-Dizzle
Prokaryote

Requirements

Eleanor
Eukaryote

Candidate Description:

- Size
- Structure
- Defining characteristics
- Examples

Debate Dialogue:

- Similarities between candidates
- Differences between candidates
- In what ways are each type of cell successful
- In what ways are each type of cell limited
- Must be school appropriate!
- Must be depicted in one of the following formats:
 - Script
 - iMovie (or film a portrayal of the debate)
 - Storyboard or cartoon strip

Campaign Poster:

- Poster size must be at least 8in x 10in
- Must include candidate's name (be creative in using prokaryote and eukaryote)
- Must be in color
- Can be drawn by hand or digitally created
- Be creative
 - Can include the personification of each cell
